2020 Junior Member Scholarship

This program started as a part of the Club's centennial celebration and has been continued by the Board of Directors. A deserving young man and young lady will each receive a golf membership package for the 2020 golf season. The Club recognizes that there are passionate, gifted young high school age players who may not have the resources to play as often as they would like. Offering this opportunity represents Irondequoit's dedication to growing the game, as well as the diversity and inclusivity of the Club's culture.
